MajorLeagueCyber

This section contains the **Client ID** and **Client Secret** input fields used to integrate MajorLeagueCyber into CTFd.

The screenshot shows the CTFd Configuration page with the "MajorLeagueCyber" tab selected. The "MajorLeagueCyber" tab is highlighted with a blue background. On the left, a sidebar lists various configuration categories: Appearance, Theme, Accounts, Custom Fields, MajorLeagueCyber (selected), Settings, Security, Email, Time, Legal, Backup, User Mode, and Reset. The "MajorLeagueCyber" section contains two input fields: "Client ID" and "Client Secret", both with placeholder text: "OAuth Client ID for MajorLeagueCyber integration." and "OAuth Client Secret for MajorLeagueCyber integration.". A "Update" button is located to the right of the "Client Secret" field.
